

VANCOUVER, B.C. June 11, 2025

BC Tech is proud to announce the 43 finalists across 10 Technology Impact Award categories who achieved exceptional success in the past year.

A standout moment of the evening was the announcement of the finalists for the newly inaugurated Gamechanger – Deal of the Year award. Collectively the finalists for the Deal of the Year award represent \$3Billion in investment in BC from these 5 transactions, alone. “These deals recognize that BC’s tech ecosystem has matured” said Jill Tipping, CEO of BC Tech. “BC’s tech sector contributes 8% of BC’s GDP and 8% of BC’s jobs and has grown faster than the economy as a whole for each of the last 10 years. Today we are building globally competitive companies that are putting down roots as BC’s newest anchor companies in what is now a core provincial industrial sector.”

“The Technology Impact Awards are a moment to reflect on the strength and ambition of BC’s tech community,” shared Rich Osborn, Chair of the BC Tech Board, “These awards celebrate the companies and leaders who are creating not only great businesses, but a better future for British Columbia and for Canada.”

The 10 shortlisted companies announced as finalists for the Company of the Year – Startup award will compete for a finalist spot this Fall at BC Tech’s Dragon’s Den Pitch Night, proudly presented by Electronic Arts. “Celebrating bold, creative thinking is at the heart of what we do at EA. That’s why we’re excited to support the Company of the Year – Startup award and the incredible BC startups bringing fresh ideas and fearless ambition to the table,” shared Dan Box, VP/GM at EA Ventures. “It’s a powerful reflection of the entrepreneurial spirit driving innovation across the province.”

Winners in each category will be announced at the Technology Impact Awards gala to be held on October 23, 2025 at Parq Vancouver. Tickets are on sale now – get yours at wearebctech.com/tias.
